

VINEATROL®

Health Benefits of Red Wine Resveratrol Derivatives

Anti-Ageing

Cardio-Protection

Neuro-Protection

Prostate Health

Obesity Prevention

VINEATROL® is a Grapevine Extract from the wine region of Bordeaux.

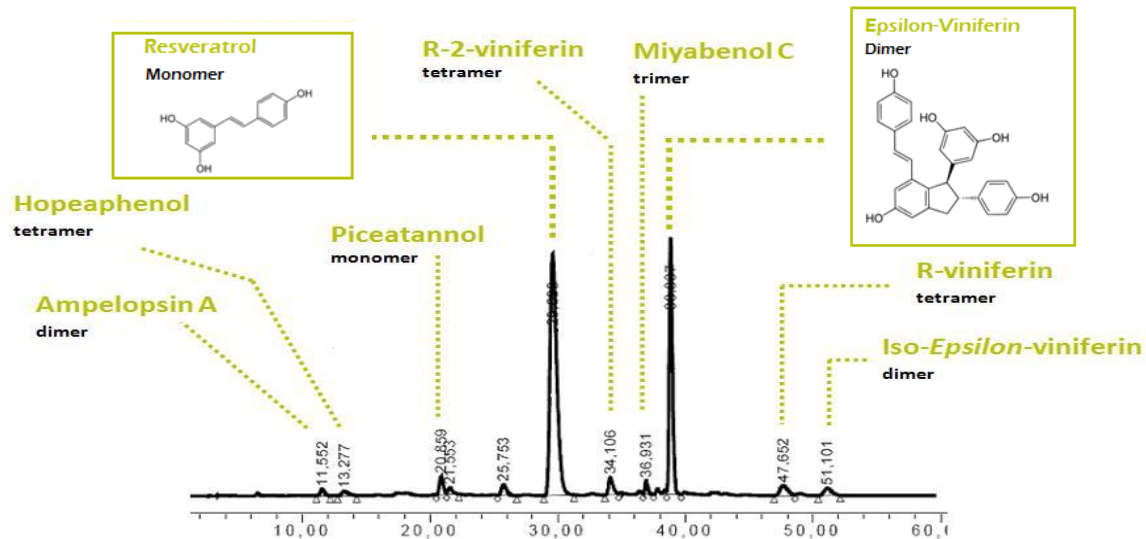

Manufactured in France

121, Boulevard du Danemark - Albasud - B.P. 380 - 82 003 MONTAUBAN - FRANCE
Phone: + 33-(0)5-63-23-03-06 - E-mail: info@actichem.fr - Website: www.actichem.fr

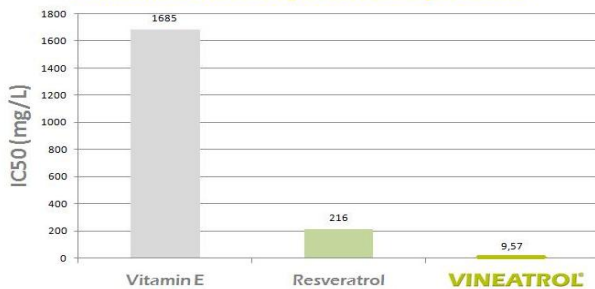

Grapevine Resveratrol Derivatives

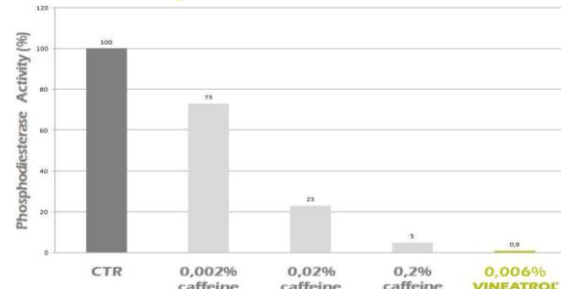

Health Benefits of VINEATROL®

Antioxidant activity toward superoxide

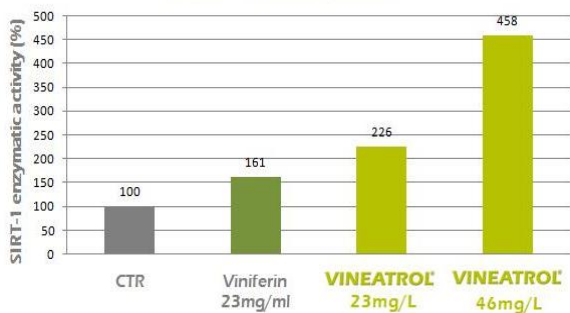

VINEATROL® is 170 times more active than vitamin E

Phosphodiesterase Inhibition

VINEATROL® is 30 times more active than caffeine

SIRT-1 Activation

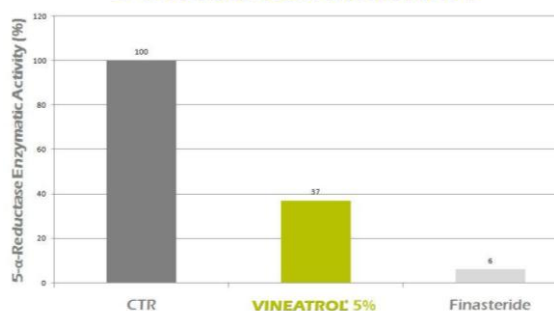

VINEATROL® increases SIRT-1 activity

SIRT-1 ACTIVATOR

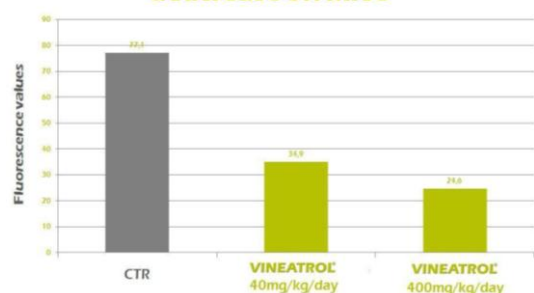

- Increases lifespan
- Decreases DNA damage and increases cytoprotection
- Decreases cell senescence
- Increases lipolysis and decreases adipogenesis (PPAR inhibition)
- Improves health and survival of mice on high calorie diet
- Increases metabolism of mice on high calorie diet
- Decreases neurodegeneration
- Decreases β -amyloid accumulation in neuronal cells

5- α -Reductase Inhibition

VINEATROL® inhibits 5- α -Reductase activity

Human Prostate Tumor Size decrease on Mice

VINEATROL® decreases the tumor growth of human PC3 prostatic cells implanted in mice

Cardio-Protection

Anti-Ageing

Prostate Health

Neuro-Protection

Obesity Prevention
